Volume I, Issue I

The Journey Begins

We are so excited to share with you the changes happening in our lives. Three years ago on a youth mission trip to Brazil a desire to become missionaries was born in our hearts. In April of this year we received our assignment to be Missionary Associates to Bogotá, Colombia to work with Missionaries Mike and Naomi Lawrence. We were introduced to the Lawrences by Pastor Dennis Lacy at our home church, Calvary Assembly of God in Atlanta.

We've been given a three year assignment. While in Bogotá, Corey will be focusing on building facilities for the Bible School and developing a campground. Both Corey and Tona will be working with Latin America Child Care (LACC).

LACC is an organization dedicated to transforming the lives of needy children with the Good News of Jesus Christ through education and ministries of compassion. You can find out more about the organization at www.LACC4HOPE.com.

We're also excited about opportunities to start churches focused on children, youth and young adults.

Our work won't stop there. Our goal is to leave Colombia prepared to be career missionaries. We are excited for the future that lies ahead.

What about Alex and Maggie?

Alex and Maggie are both very excited about the adventure ahead.

Alex and Maggie will attend an international academy for missionary children. Their classes will be in English with the academy incorporating Spanish and culture into a great part of their day.
