missionaries to

Colombia

August
2014

This summer 132 youth and leaders from Georgia landed in Armenia, Colombia to share the gospel in schools, hospitals, jails and on the streets. We were able to travel to Colombia to join Missionaries Ryan and Caitlyn Jordan and their team including Missionaries Mike and Naomi Lawrence and Missionaries David and Margot Woodworth. This giant team of youth was divided into six groups that branched out into local communities to help the churches widen their reach. In one church, the response was so great from the local public school that the church has been invited to start a weekly small group for the students!

June and July were exciting months in Colombia, since it's the first time in 16 years that Colombia had a team in the World Cup. They played wonderfully and made it to the quarterfinals, leaving behind a new image of Colombia — one of unity, fun and happiness!

We have many wonderful monthly supporters who are not able to continue their monthly giving and we need your help to bridge the gap. In this mug, every bean represents \$5 in monthly support that we need to raise to go back to Colombia. Please help us empty it. Could you or someone you know take the place of one of our partners?
